Letter No H1. 1600-196/50-51 dated 1st July 1950 from the Director of Public Instruction, bringing to notice the heavy work that is devolved in his office in connection with the verification of entries relating to dates of birth of Gazetted officers from the Admission Registers, and requesting sanction of Govt. for the entertainment of one clerk on a pay of Rs 40/- p.m. for 3 months from 26/6/50, and an allowance of Rs 20/- p.m. to one clerk of this office from 1.6.50 till the completion of the work.

1) The D.P.I states in his letter that there are innumerable requisitions from officers, and secretaries asking for particulars relating to the date of birth, and that it would not be possible to cope up with the work unless some additional staff is posted.

2) He has entrusted the verification work to a Senior experienced official (Sri N Ramiah) from 1.6.50.

3) Also he has in anticipation of sanction of Govt appointed a clerk on Rs 40/- p.m. from 26.6.50.

14) There is no question of deputation in the present case. Sri N Rama Rao is a First Division clerk in the DPI's office. and is put on this work from 1.6.50. The DPI has sought orders of Govt for an allowance of Rs 20/- p.m. to him in consideration of the additional and arduous work to be done. So the official has therefore to be paid a duty allowance as per article 15 M.S.R. As no limit for this kind of allowance is laid down it is suggested in para 8 that the allowance may be limited to 20% of the pay of the clerk. This may perhaps be referred to the financial branch for further clarification

HSSD 12.7.50

15) This is clearly a case for the grant of a Duty allowance as defined in Art. 15 of M.S.R., which is not subject to the percentage limitation referred to at para 12.

16) If approved, F/D may be consulted again as to whether there is any objection to the proposal at para 8.

21) The allowance recommended in this case is, without doubt, a Duty allce. There is therefore no question of styling the allowance one way or the other to which objection has been taken or withdrawn.

22) The real point is that the view taken in para 12 is based upon a misapprehension of the nature of the allowance proposed. Without explaining

this and without adducing any reason or basis for a reduction, the quantum of allowance is sought to be reduced - vide para 18.

23) It is ascertained that the I Dn. Clerk for whom the allowance is proposed is getting a pay of Rs. 90/- at present. The proposal at para 8 would mean that the allce. would be Rs. 18/- p.m.; that at para 18 Rs. 9/- p.m.; and the D. P. I's recommendation is that it may be Rs. 20/- p.m. The allowance is not expected to last for more than three months at the outside, and the total maximum expenditure if the highest amount is granted may not amount to more than Rs. 60/-.

24) If there is no objection, the case may be respectfully submitted to the Financial Secretary who has not seen it for favour of consideration and final orders.

SIR,

SUBJECT:- Additional clerical staff for this office for work in connection with the verification of the dates of birth of all Gazetted Officers in the State.

With reference to your D.O.letter No.12255-12325/C.B. dated the 23rd March 1950 in the matter of obtaining fresh declaration of age from the Gazetted Officers and verifying the dates with reference to the school records, I write to state that it was originally thought that this work would be confined to the officers of this Department. Communications are now being received every day from all the branches of the Secretariat asking for the dates of birth as entered in the school records in respect of the officers of the other Departments of Government and the Secretariat. It is thus necessary for this Department not only to obtain fresh declarations of age from the officers of this Department and report to Government after verification of these dates with reference to the dates noted in the school and college admission registers, but to obtain and furnish to Government the dates of birth of all the Gazetted Officers of the State as per records of the several schools in which they studied. There are 63 officers in this Department from whom declarations have to be obtained and whose dates of birth have to be verified. In addition, references

P.T.O.

references have been received from Government so far in respect of 130 officers of other Departments and similar communications are being received every day in regard to the other officers. This office will have to correspond with every school individually in which the several hundreds of officers studied, obtain the infomation, verify it, classify and tabulate it for submission to Government separately in the various branches of the Secretariat from which communications are received. The vastness and volume of correspondence, scrutiny and compilation work involved in all this would be so heavy that it cannot be done by the existing staff of my office which is by no means sufficient. At least two clerks would have to be placed in charge of this work exclusively.

In view of the strictly confidential nature of the work over which Government have also repeatedly laid emphasis and the top priority to be given to it, it was entrusted to a senior and experienced clerk of the office dealing with establishment questions and arranged to be carried on under my personal supervision and direction. The work relating to the officers of this Department was itself sufficiently heavy and the present move has added considerably to the normal work of the section. With the addition of the work relating to the various officers of other Departments from the beginning of this month, it has become impossible for him, in spite of working overtime, to continue it and make much headway without assistance. As it was not considered expedient to put two experienced clerks exclusively to be in charge of this work without detriment to this office work and as it would also mean expenditure, and in view of the extreme urgency of the matter, I have in anticipation of sanction of Government entertained one clerk on Rs.40/- per month with effect from the 26th instant and given the necessary assistance to the clerk who is at present attending to this work in addition to his normal work. I request that Government may be pleased to sanction the additional post of a clerk on Rs.40/- per month from the above date for a period of three months in the first instance by which time it is hoped the work would be completed in the normal course of circumstances.

The clerk at present placed in additional charge of the work,

work, viz., Sri N.Rama Rao, I Division Clerk, has to be compensated for the additional and arduous work to be done by him. His work has increased considerably from the beginning of this month. I therefore recommend that he be given an allowance of Rs.20/- Per Month with effect from 1-6-1950, till the work is completed.

I request the favour of early orders of Government on the above proposals.

Yours faithfully,
